

Once Upon A Company Teachers Worksheet

Directions: On this worksheet you are going to create, build and sell your own product!!

- What are our talents? Is there a need for anything?
- What are some natural resources in our town to make our products?
- What could our product be?
- What is our product?
- Who would buy our product?
- How can we advertise our product?
- Design a trademark logo.
- What are the jobs each person will have in making our product?
- Who in our community can help us build or plan our product?
- What is the benefit of our product?
- What materials will we need to create our product, and how much will they cost?
- Where can you find the best deals for materials? Example: Recycle Centers, Construction Sites:
- What do we have at our homes we can use?
- Where will we sell our product?
- How much will our product cost?
- After You Sell It What will you do with the money you earn?
- Save it for college?
- What is college?
- Why would saving for college be a good idea when you're young?
- Could you imagine "distributors" to sell your product?
- Could you sell your product "wholesale" to a store where they could sell it?
